We use return email addresses to answer the email we receive. Such addresses are not used for any other purpose and are not shared with outside parties.

We use non-identifying and aggregate information to better design our website and to share with advertisers. For example, we may tell an advertiser that X number of individuals visited a certain area on our website, but we would not disclose anything that could be used to identify those individuals.

We may release personal information where release is required by law (for example, a subpoena) or regulation or is requested by a government agency.

Finally, we never use or share the personally identifiable information provided to us online in ways unrelated to the ones described above without also providing you an opportunity to opt-out or otherwise prohibit such unrelated uses. We never sell or rent your personal information.

### **Our Commitment to Data Security**

To prevent unauthorized access, maintain data accuracy, and ensure the correct use of information, we have put in place appropriate physical, electronic, and managerial procedures to safeguard and secure the information we collect online. We use Secure Sockets Layer (SSL) encryption when collecting or transferring sensitive information such as credit card information. SSL encryption is designed to make the information unreadable by anyone but us. This security measure is working when you see the symbol of either an unbroken key or a closed lock (depending on your browser) at the bottom of your browser window.

### **Our Commitment to Children's Privacy**

Protecting the privacy of the very young is especially important. For that reason, we never collect or maintain information at our website from those we actually know are under 13, and no part of our website is structured to attract anyone under 13.

We do not control those sites or their privacy practices, which may differ from our practices. We do not endorse or make any representations about third-party websites. The personal data you choose to provide to or that is collected by these third parties is not covered by our Privacy Notice. We encourage you to review the privacy policy of any company before submitting your personal information.

Our Web sites are not set up to track, collect or distribute personal information not entered by visitors. Our site logs do generate certain kinds of non-identifying site usage data, such as the number of hits and visits to our sites. This information is used for internal purposes by
